

ROUND TRIP OCEAN FLIGHT STARTS

Senate Refuses to Go on Record for Federal School Bill

HOME TOWN STUFF

A trip to Abilene by automobile is an interesting trip. There are two or three possible routes to Abilene. One leads by way of Seymour, Throckmorton and Albany. Another is by Seymour on to Munday, Haskell and Stamford. A third is by way of Crowell, Benjamin and Truscott.

The Vernon men who attended the meeting of the West Texas Chamber of Commerce directors yesterday by way of Throckmorton and Albany and returned by way of Stamford, Haskell and Munday. The first route is a splendid road, except for a few detours around bridges and on places where they are paving. Within a few months, no doubt, the road from Seymour to Abilene by way of Throckmorton and Albany will be hard surfaced. This is of special interest in Vernon, because it is on State Highway 23 which leads through Wilbarger County, connecting Seymour and Vernon by way of Lake Kemp dam.

This route offers the best prospect of early paved road connections between Vernon and Abilene. Much of the distance between Seymour and Abilene is already surfaced and dirt work and drainage structures are under way. Prospects for something definite being accomplished on the route between Vernon and Seymour are good. With a bridge across Lake Kemp spillway, one of the obstacles will be removed. It is understood that Baylor County Commissioners and the Highway Department have just about concluded negotiations for this improvement. The next step will be dirt work and drainage structures on through Wilbarger County to a connection with an Oklahoma highway through Jackson County to Altus, Okla.

The other road to Abilene, by way of Munday, Haskell and Stamford, traverses a more thickly settled section. Much of it is already completed, but apparently little has been done toward highway development in Haskell County. Baylor County has finished hard surfacing and in Knox County the grade is ready for pavement. Wilbarger County needs to hasten its work on No. 23 in order to connect with these two splendid routes, which will give connections with important cities in Central West Texas, Abilene, Breckenridge, Ranger and Eastland. All will profit from the completion of these roads—Vernon no less than other cities concerned. A paved road from Vernon to Seymour will attract much traffic and Vernon will be able to cash in on her advantage of being a gateway to Lake Kemp, which in years to come will develop into one of the great pleasure resorts of West Texas.

The meeting of the West Texas Chamber of Commerce directors proved to be a very interesting affair. It was called for the purpose of selecting a manager to succeed Homer D. Wade, who resigned to go to Dallas. After discussing the matter for several hours it was decided that Andy Bourland would be charged with the responsibility of running the organization until the annual convention in El Paso in October. Thus, our Andy will be both president and manager for a few months, and in the meantime directors will have time to think the situation over and select a manager.

West Texas Chamber of Commerce directors have a lot of confidence in Andy Bourland and they selected him to handle a big job while they have time to cast about and secure a manager. It was a fine compliment to pay and his friends here are very much pleased.

Mrs. F. N. Dobbs and daughter, Mary Margaret, left Wednesday for Honey Grove, where they will visit friends and relatives.

WILL NOT ASK TEXAS TO VOTE FOR MEASURE

Charges That Government Will Dominate Education in State if Plan Is Adopted Hurdled Freely in Attack in State Senate.

Austin, June 21.—(A-P)—Preceded by a spirited debate, the Senate today refused to ask Texas Congressmen to lend their support to the Brand bill carrying an annual appropriation of \$100,000,000 for maintenance of rural schools. The vote was 16 to 10. Should the pending bill become a law, Senator Thomas B. Love, Dallas, explained, Texas would receive from the government \$7,000,000 yearly to carry on rural school work in the state.

Charges that the government soon would dominate education in state schools were hurled freely in the attack on Senator Love's resolution approving the Brand measure.

"There has been a well-defined move started at Washington for a department of education to train the minds of our students along particular lines of political thought," Senator A. J. Wirtz of Seguin observed. "If we continue to call on the government for financial aid we are in serious danger of standardizing education. When you give a board at Washington power to shape the minds of our youth, you are putting in their hands a dangerous weapon."

Senator T. J. Holbrook, Galveston, saw in the Brand bill an attempt to "control the minds of children."

The Galveston lawmaker said that federal funds for stamping out livestock disease or building roads was satisfactory, but declared that government regulation of education would end in a system of "snoopers and spies."

Senator Edgar Witt, defended the Love resolution with the assertion that rural aid was a good state policy and should be satisfactory from a national-wide standpoint.

Before rejecting the resolution, the Senate adopted an amendment by Senator Joe M. Moore, Greenville, providing funds created by the bill should be spent exclusively under direction of states.

AIR ENDURANCE MARK SOUGHT

WOMAN AND MAN PILOTING SHIP IN ATTEMPT AT NEW RECORD

Roosevelt Field, N. Y., June 21.—(A-P) Viola Gentry, former holder of the woman's solo endurance flight record, and Charles W. Parkhurst, former instructor at Roosevelt Field flying school, took off at 11:22:15 o'clock, Eastern Daylight Time, today on a refueling endurance flight.

They were flying a light biplane with a 110 horsepower engine. The plane is called "The Answer" and the refueling ship is called "The Exclamation Point," names recalling the title of the famous army endurance plane "The Question Mark."

Independent Movie Owner Files Suit Claiming Combine

Sherman, June 21.—(A-P)—Alleging a combination restraining trade, J. A. Cuff, Denison moving picture operator, today filed a \$90,000 damage suit against the Dent Theatres, Inc. of Denison; The Public Theatres Corporation of New York and Texas; the Paramount-Famous-Lasky Corporation of New Jersey; L. L. Dent, Dallas; L. M. Rideout, Sr., and Jr., both of Dallas.

Cuff charges the combine refused to grant him equal rights with members of the defendant groups in obtaining first run pictures, causing a money loss and forcing him to retire from business.

TWENTY-SEVEN OF ESCAPED CONVICTS CAUGHT

Sweeney, June 21.—(A-P)—Twenty-seven of the 43 convicts who kidnapped three guards yesterday and escaped from Clemens prison farm near here were accounted for today.

Seventeen of those were captured by posse, and nine were taken in the vicinity of Retriever farm. Mrs. W. M. Hickman, wife of the captain of Clemens farm, said the body of one convict was seen floating in the Bernard river below the farm. Red eyed and weary, some score of prison guards widened their circle of search and pressed on toward the capture of the 16 convicts at large. Working throughout the night in mosquito infested bottoms, the searchers brought in seven of the escaped men, two of whom were seriously wounded when they attempted to flee after being ordered to halt by Joe Roaden, guard.

WHEAT PRICES SOAR UPWARD

CROP REDUCTION REPORT SENDS MARKET UP TWO CENTS PER BUSHEL

Kansas City, June 21.—(A-P)—Wheat prices strengthened by a Department of Agriculture report forecasting a five per cent reduction in the estimated world crop, today rose two cents a bushel here, making an 8 cent raise since Monday.

July wheat here sold up 2 cents to \$1.06 3/4.

POPE STILL SILENT ON MEXICO CHURCH SOLUTION

Mexico City, June 21.—(A-P)—There was an undercurrent of expectancy in circles close to the religious negotiations today with an intimation that an answer might be received from the Pope regarding the proposed settlement which could be announced before nightfall.

Bishop Diaz, one of the chief negotiators, this morning said: "I am hopeful there will be an important development today."

Somewhat more optimism prevailed than yesterday when failure to hear from Rome caused frank anxiety that the negotiations might break down.

PRODUCTION FOUND IN TWO MORE KANSAS TESTS

Wichita, Kas., June 21.—(A-P)—Production has been found in two more Sedgwick County wells today.

Marland, Gypsy and Euclid, all of the No. 8 Cor in the Wright pool prepared to swab after finding a hole full of oil at 3,375 feet, in the Wilcox sand. The well, in S. E. 1/4 of No. 1 is a south offset to the No. 1 and is rated at 800 barrels daily.

MAN'S TO DEATH
AF HOKING FIANCEE

Chicago, June 21.—(A-P)—Julius Krivod, 29-year-old negro porter of Peru, Ind., who was last night hanged for the murder of Olga Kull, and left her a Lincoln Park.

He was compelled to consent to marry her after she attempted to kill him with a quarrel. He killed himself.

VICE STATION ARE OPENED

for an oil and gas well at the Vernon airport this morning by the Chamber of Commerce.

It is planned to open the station for the purpose of hanging the hangar and is also July 4.

HOUSE CHANGES FORM OF GAS TAX MEASURE

Occupation Levy Favored Over Excise in Vote by Representatives—Montgomery Obtains Substitution of His Proposal for Revenue Bill.

Austin, June 21.—(A-P)—The House voted, 66 to 51, today in favor of an occupation tax on the sale of gasoline instead of an excise tax. Representative W. R. Montgomery of Edinburg obtained substitution of his bill proposing an occupation tax as at present for the measure by Representative Leonard Tillotson of Seely levying an excise tax.

The matter of fixing the amount of the tax will be taken up later, the House having begun consideration of the penitentiary concentration bill as special order of business immediately after expressing a preference in the form the gas tax should take.

HEFLIN GRIEVED BY SON'S ACTS

REITERATES HE WILL AID YOUNG MAN IN EVERY WAY HE CAN

Washington, June 21.—(A-P)—Senator Hefflin of Alabama issued a statement today in which he said he was deeply pained and grieved to learn that his son had been drinking again but reiterated that he would help him in every way he could.

Young Hefflin was arrested Wednesday on a charge of driving an automobile while under the influence of drugs after his automobile hit a truck. "I am deeply pained and grieved," Senator Hefflin said, "to learn my son has been drinking again. I shall do my best to help him to leave the folly and danger of such indulgence. I have a firm faith in him and in his future. I am confident that God is going to help him become master of himself and make what he is capable of making—a good and useful man. His mother died when he was fourteen years old, and he is all that I have. God helping me, I shall continue as a father who loves his son to help him in every way that I can."

NEW POOL APPARENTLY OPENED IN PECOS COUNTY

San Angelo, Texas, June 21.—(A-P)—Production of 200 barrels of oil daily in regular flows from 1,625 feet today led oil observers to express belief that Taylor-Link Company's No. 1 Univerity well, fourth, a new pool, Pecos County, had opened 18 miles west of the Yates field.

The Humble announced laying of a pipe line will begin immediately, and the oil stored in a 5,000 barrel tank until the line is completed. Tests showed the oil to be of 30.7 gravity, corrected, worth 93 cents a barrel. A second well, a 660 feet south offset to the discovery well, is to be drilled. No. 1 is 330 feet out of the southeast corner of section 30, block 16.

NEGRO CONFESSES TO STEALING FROM TOM MIX

Portsmouth, N. H., June 21.—(A-P)—Russell Everett, 2-year-old negro porter of Peru, Ind., who was last night hanged for the murder of Olga Kull, and left her a Lincoln Park.

He was compelled to consent to marry her after she attempted to kill him with a quarrel. He killed himself.

EXPERTS TALK SOIL EROSION

DISSIPATION OF LAND IS TERMED NATIONAL VANDALISM

College Station, Texas, June 21.—(A-P)—In an effort to halt what one speaker termed "national vandalism," the dissipation of millions of acres of fertile soil through erosion, 100 representatives of Missouri, Kansas, Colorado, Arkansas, Louisiana, Oklahoma, New Mexico and Texas conferred here today on a program of national scope.

H. H. Bennett of the United States department of agriculture estimated yesterday that 17,500,000 acres of fertile land had been permanently ruined for agriculture by the dissipation of the rich top soils through floods and other natural phenomena. He said conditions made the farm lands of the United States waste from this cause faster than those of any other civilized country and said that erosion "amounts to national vandalism."

MAN HANGS SELF AFTER TRYING TO KILL CHILDREN

Greeley, Colo., June 21.—(A-P)—Jacob Schneer, 70, was found hanging in his garage today after he believed to have tried to kill his two children and a grandchild. The children were taken to a hospital suffering with cuts about the face and head. They were in a critical condition.

The children, August Schneer, 11, and his sister, Sarah, 16, were found in a bed in the house by neighbors who heard a child moaning on the front porch of the Schneer home. The grandchild, known only as Freda, 12, had crawled out to the front of the house after she had been badly cut about the face, neck and head.

Schneer's wife has been dead a number of years, and he has lived here with the children.

DES MOINES UNIVERSITY REORGANIZATION OUTLINED

Des Moines, June 21.—(A-P)—A belief that the administrative upheaval at Des Moines University will "in the end be seen to be a providential ordering of events that the University should be made, and then kept, wholeheartedly true to the faith once for all delivered to the saints," was expressed last night by the board of trustees following a reorganization meeting. Chosen as acting president, Dr. T. T. Shields of Toronto, Ont., chairman of the board, today prepared to assemble a faculty to replace the professors ousted by the trustees in May.

TEXAN HELD IN KANSAS ON MANSLAUGHTER BILL

Wichita, Kas., June 21.—(A-P)—Sam Duncan of Fort Worth, waived preliminary hearing and was held for trial today by Judge Leigh Clark, on manslaughter charges in connection with the death of Leonard Burn, struck by a motor car here Sunday.

BOURLAND WILL DIRECT WEST TEXAS C. C. IN DOUBLE ROLE OF PRESIDENT AND MANAGER

A. M. Bourland of Vernon will assume the double role of President and manager of the West Texas Chamber of Commerce until the organization's annual convention which is to be held in El Paso October 24-26. President Bourland was elected acting manager at the meeting of the board of directors in Abilene Thursday to accept the resignation of Homer D. Wade and consider naming his successor. It was decided to empower Bourland to act as manager, with an advisory board of four men, and elect a permanent manager at the El Paso convention.

R. H. Nichols, publisher of The Vernon Record and chairman of the publicity committee of the West Texas organization, is a member of the advisory board of four men, named at the meeting. Others on the board are: C. B. Jones, Spur; R. W. Haynie, Abilene; Joe Wheat of Seymour.

The election yesterday afternoon of Mr. Bourland came as a compromise after considerable discussion relative to the naming of a permanent manager at the called session. About twelve candidates were mentioned for the position, including Grady Shipp, secretary of the Vernon Chamber of Commerce. The proposal for the election of a temporary manager met with the unanimous approval of the Board, and the suggestion that Bourland retain his position as president of the organization and at the same time act as temporary manager was also unanimously approved. Effective July 15 Bourland will receive the regular salary paid the manager.

There will be no material changes in the personnel or in the policies of the West Texas Chamber of Commerce during the period between July 15, and the October convention, Mr. Bourland said this morning. The affairs of the organization will be handled as usual from the W. T. C. C. headquarters in Stamford, with Mr. Bourland spending most of his time there.

The organization work will be handled along the lines laid out by Mr. Wade, Mr. Bourland said.

Mr. Bourland and Mr. Nichols and Mr. Shipp and Dee Norwood of Vernon returned late yesterday from the Abilene meeting. Shortly after the assembling of the Board of Directors telegrams from various points in West Texas began to pour in containing names of candidates for the managerial post. At that time there had been no talk of choosing Bourland. The meeting did not progress to the stage where there would be a discussion of the numerous candidates for the position of Bourland was made and the most immediate endorsement of the suggestion prevented discussion of the prospects for the vacancy.

It was thought that there would be a lengthy list of candidates to consider for the position when the convention meets at El Paso October 24, 25, and 26. Among those talked for the place is Porter Whaley, now manager of the San Antonio Chamber of Commerce, He was the first manager of the West Texas Chamber and resigned that post to go to San Antonio.

Others mentioned at the Abilene session were Ray Leeman, manager of the South Texas C. C. of Corpus Christi. The children, August Schneer, 11, and his sister, Sarah, 16, were found in a bed in the house by neighbors who heard a child moaning on the front porch of the Schneer home. The grandchild, known only as Freda, 12, had crawled out to the front of the house after she had been badly cut about the face, neck and head.

SPANISH FLYER STARTS FIRST LAP OF FLIGHT

Hero of South Atlantic Air Crossing Takes Off for Azores Today Planning to Fly to New York and Back in Eight Days.

Cartagena, Spain, June 21.—(A-P)—Major Ramon Franco, celebrated Spanish aviator, who flew across the South Atlantic in 1926, took off here today at 4:50 p. m. (10:50 a. m. E. S. T.) for the Azores Islands on the first lap of a flight to New York.

The Alcazars air field was packed with great throngs who had come to witness the take off.

The greatest secrecy was maintained throughout and only a small amount of information regarding the flight was given out.

Major Franco said he hoped to fly directly to New York from the Azores and then to fly back to northern Spain, making the entire journey in eight days.

The plane used by the flyers was a Dornier-Wahl monoplane carrying two Hispano-Suiza motors of 600 horsepower each.

They carried a radio having a range of about 2,000 miles and enough gasoline for a 22-hour flight. Major Franco planned to communicate by radio with ships along his course.

FAVORS JUDGES AS JURY AIDES

BAR PRESIDENT SUGGESTS NEW PLAN FOR COURT SYSTEM OF NATION

Marshalltown, Iowa, June 21.—A plea for modification of the rules of court procedure to permit the trial judge to act as an adviser to the jury rather than "assume the rather humiliating position of a mere figurehead or colorless moderator," was made today by Gurney E. Newlin, president of the American bar association.

"To see that the facts are ascertained and made clear rather than submerged and obscured; that the law is honestly and fearlessly applied to such facts, and that no unfair advantage is taken by any party or its lawyer—this, I submit, is the supreme function of the presiding judge in the institution of trial by jury," he said.

Newlin was speaker at the Iowa Bar Association convention.

EXCLUSION OF HAITEN FROM BALL PROTESTED

Paris, June 21.—(A-P)—Stephen Alexis, Haitian charge d'affaires at Antwerp who was excluded from the Montparnasse ball Tuesday evening because of his color with the explanation that the presence of negroes was distasteful to American customers, has written a letter of complaint to Premier Poincare and Foreign Minister Briand.

The French government is unable to take any official notice of the letter, however, because it was written in the personal name of the complainant and the Haitian legation has announced it will make no representations.

GARNER SAYS HE SUFFERED 10 LONG YEARS

Wichita Falls Man Declares Orgatone Has Restored Health to Him.

"I tried for 10 long years to find a medicine that would relieve me of my suffering, but all my efforts failed completely until I got hold of this Orgatone," said L. B. Garner, a well known bottler employed at the Nehi Bottling Co., and who lives at 2514 1-2 Filmore Street, Wichita Falls, Texas.

"During all these years," he continued, "my stomach was in such a bad condition that everything I ate disagreed with me. I would often be so bloated up with gas that I was hardly able to get a good breath. My appetite was very poor, and what little I did eat didn't seem to give me any nourishment at all, and I just went down hill until sometimes I felt so run down and no account I did not feel like doing any work at all. In fact my entire system was in very bad condition. I tried a great many different medicines and treatments, but I just seemed to get worse all the time instead of better."

"Then my wife who had used Orgatone with such good results, bought a bottle for me, and I just want to say from that time on I didn't have to bother about my other sort of medicine, for I commenced to improve right from start and now I am well and hearty as I ever was in my life. I never have tired worn-out feeling any more, and my stomach troubles have been completely overcome. I have a dandy appetite, and eat just anything I want, and I never suffer the least bit afterward. I am in better condition generally than I have been in many years. Yes sir, I have taken a great many different medicines in my life, but this Orgatone beats anything I have ever tried. I am glad to have the opportunity to recommend it to everybody."

Genuine Orgatone may be obtained in Vernon at The Vernon Drug Store.

TEACHER CONVICTED IN DEATH OF ILLINOIS GIRL

Marion, Ill., June 21.—(P)—Daniel Larsen of Forestville, Wis., formerly a Herrin, Ill., school teacher, was convicted of manslaughter in connection with the death of Lorene Morris, high school girl, in a verdict returned today by a circuit court jury.

Testimony at the trial was that the girl died of an illegal operation performed by Dr. John P. Huff, of Cartersville, at the instance of Larsen. A deathbed statement by the girl blaming Larsen was admitted in evidence. Dr. Huff is awaiting trial on a murder charge in the same case.

PRESS NOT OPPOSED TO RATIFICATION OF DEBT

Paris, June 21.—(P)—Except for the communist and Socialist Press, little opposition has appeared to Premier Poincaré's pronouncements in favor of early ratification of the Mellon-Berenger debt agreements.

BILL IN HOUSE TO REFUND \$60,000 TO BUS OPERATORS

Austin, June 21.—(P)—Seat tax refunds amounting to almost \$60,000 will be distributed to operators of motor vehicles for hire if the House approves an appropriation measure passed by the Senate today. The money will be given 600 claimants after a ruling from the Supreme Court that the \$4 seat tax did not apply to carriers operating on one-fixed routes. Claims cover taxes assessed since 1924, when the law went into effect.

SUMMER BEGINS OFFICIAL TENURE WITH WARMTH

Summer began its official tenure today with 103 degrees Fahrenheit registered in Vernon. Summer came in with the moon changing to full stage and on one of the longest days of the year. The sun rose at 5:25 o'clock this morning and is due to set at 7:41 o'clock tonight. Saturday, June 22, has the same number of hours and minutes of sunlight. The two days ending this week have each fourteen hours and fifteen minutes of sunshine scheduled.

MAN SLIGHTLY HURT IN DALLAS BOILER EXPLOSION

Dallas, Texas, June 21.—(P)—J. C. Curry, engineer, was slightly hurt here today when a boiler in the Oriental dyeing and cleaning company exploded. An accumulation of gas was blamed. After treatment at the emergency hospital Curry boarded a street car and returned to work.

Possible! Yes, But Not Probable

It may be possible for a business to be so equipped, that they can do more for the customer than we—But it seems that when the new wears off of these patented ideas, and they have to go on merit, lots of them blow up. We still believe that our one store to a town idea, Means Better Every Day Prices.

Attempts Made to Burglarize 2 Vernon Stores

Two attempted burglaries of Vernon business houses Thursday night were reported this morning at the Sheriff's office. An attempted entrance at the Clarence Saunders Store No. 2 on Wilbarger Street was reported with a glass broken out of the rear door.

The Pat Knight Second Hand Store on Main Street was entered early in the night. Mr. Knight returned to the store last night before going home and as he approached the back door a man rushed by him carrying a box of merchandise.

Mr. Knight attempted to catch the man and succeeded in crowding him close enough that the stolen goods were thrown down. The man escaped. A suit of clothes and a pistol were recovered.

WATERS SEARCHED FOR PILOT KILLED IN CRASH

Montreal, June 21.—(P)—The waters of the St. Lawrence River were searched today for the body of C. S. Caldwell, chief pilot for Canadian Vickers, Ltd.

Caldwell, Captain J. C. Jervis, former aide de camp to the Governor General of Canada, and Dr. William D. Morris, were killed yesterday when a seaplane piloted by Caldwell struck high tension wires and plunged into the river.

The bodies of Captain Jervis and Dr. Morris were recovered.

DETAILS OF RUM BATTLE FORWARDED TO CAPITAL

details of the shooting incident in the Detroit River Wednesday in which rum runners disabled a customs border patrol speedboat were forwarded to Washington last night by customs officials. The treasury department, which will receive the report, will turn it over to the state department in compliance with a request yesterday by Secretary of State Henry L. Stimson.

Detroit police inspectors at a meeting yesterday were enjoined to give full cooperation to Federal forces in enforcement matters arising on the American side of the river.

MAN WOUNDED BY SHOT INTENDED FOR ANOTHER

Fort Worth, June 21.—(P)—Roy Brock, 34, was seriously wounded last night by gunshot charges intended for another man, and today he was reported near death.

Edgar A. Barr was arrested and made a statement to police and attaches of the district attorney's office.

TARIFF FIGHT TAKING OUTLINE

REPUBLICAN INDEPENDENTS ARE FORMING LINES FOR BATTLE

Washington, June 21.—(AP)—Although Congress was in recess, the contest to come over tariff revision in the Senate in August stood out today in fairly clear outlines.

With the finance committee continuing its hearings in preparation for broad tariff revision similar to that approved by the House, the Republican Independents who virtually wield a balance of power in the chamber are rapidly preparing for an organized movement intended to confine rate increases to agricultural products and to reduce some industrial schedules.

The groundwork for this movement was laid out at an informal

conference in which the participants included six Republican Independents, Senators Norris and Howell of Nebraska, Frazier and Nye of North Dakota, Brookhart of Iowa, and La Follette of Wisconsin, and one Democrat, Wheeler of Montana.

They are practically sure of the support of Senator Borah, Republican, Idaho, who proposed limitation of revision to agricultural and related products in the Senate, and believe they will draw strength from most of the others among the 16 Republicans and 25 Democrats who were recorded, either by their ballots or pairs, among the supporters of his resolution.

CONFEDERATE VETERANS TO RECEIVE \$25 MONTHLY

Austin, June 20.—(AP)—Confederate Veterans were given a monthly pension of \$25 and each widow attaining the age of 75 the same amount in a bill by Representative Walter Acker, Sr., of Houston, passed by the Senate today. The vote was 29 to 0.

GRATEFUL FOR SARGON'S GOOD

"Sargon did me more good than all the other medicines and treatments I have taken in the past ten years put together."

"I suffered with a disordered stomach. I had severe pains in my right

MRS. SUSIE A. PENDLETON

side and was told I had gall bladder trouble and that I would never be any better without an operation. I took most every medicine recommended—just dozens of them—but grew steadily worse. I suffered so after meals with nervousness, and pains in my stomach and side, that for months I was unable to do my housework. I lost weight, was constipated, my skin was unhealthy looking and I felt listless and worn out.

"I started the Sargon treatment and my whole outlook on life changed. I was soon eating anything I wanted without the slightest trace of indigestion. Before I had finished my third bottle my daughter said to me, 'Why Mother, I just can't get over the way you have improved—your skin is clear and pretty and you look ten years younger! I have taken six bottles and am like a new woman. I sleep splendidly, all nervousness is gone, and I can fairly feel myself tingle with new strength and energy. It's wonderful to be free of those awful pains in my side. I don't have an ache or a pain of any kind.'

"Sargon Soft Mass Pills are different from any other laxative I ever took. They ended my constipation without the least upsetting. I can never find words to express my gratitude for this wonderful treatment."

The above statement was made by Mrs. Susie A. Pendleton of 1736 14th St., Oklahoma City, a member of the Christian Church and Eastern Star. Sargon may be obtained in Vernon at Huber's City Drug Store; in Harold at Oliver Drug Co. Adv.

"Good Candies that's all"

Another Leading Candy Company Endorses Imperial Pure Cane Sugar St. Regis Candy Company at Houston

IMPERIAL SUGAR COMPANY,
Sugar Land, Texas.

Gentlemen:

"GOOD CANDIES—THAT'S ALL." This is our slogan and pace-setter, and we are told repeatedly that our St. Regis Candies have kept fully within the declaration of this slogan.

Good Candies necessarily call for good materials as well as good workmanship. Of all the materials used in candy making, none is more important than the selection of good sugar.

After numerous trials of different market sugars, we have, for the last nine years, used none other than the good Imperial Sugar.

Its confectionery value we will here attest, and would gladly recommend Imperial Sugar to all branches of candy making, syrup and ice cream sweetening. We have found Imperial Sugar indispensable in making our "GOOD CANDIES—THAT'S ALL."

Imperially and sweetly yours,

ST. REGIS CANDIES, Inc.

CONSOLIDATED'S NEW OIL TEST IS GOOD PRODUCER

Test Is Holding Interest of Fraternity With Showing for 600 Barrels Daily — New Pipe Line to Thalia Placed in Operation.

Oil interest at present is focused on the swabbing of the Consolidated

Oil Company's No. F-1 in the Consolidated pool, with a promise production of 600 barrels. The well is located in the southwest corner of the southeast quarter of section 21, block 4, H. & T. C. survey. This is the second well to be brought in this week in that district.

George W. Peckham et al completed No. 1 W. T. Waggoner located in the southeast corner of the southwest quarter of section 21, block 4, with a flow of 700 barrels on Monday.

Activity in the Thalia field is quiet at present preparatory to deeper drilling at the Shell Petroleum Company's No. 1 T. T. survey, the discovery well. Pumping was started Thursday through the new pipe line to the field, completed by the Sinclair Crude Oil Purchasing Company early yesterday.

Several new rigs are being con-

structed in the Thalia area in preparation for an active drilling campaign. The field now covers a strip of territory in Wilbarger and Foard counties approximately ten miles long and four miles wide, a check of the new locations and leasing activity of the past several days reveals.

The Shell Company's discovery well is flowing at the rate of about 300 barrels a day at present. Drilling at the well is expected to start soon in an effort to find more productive pay below the present level of 2,023 feet in nine feet of pay. It is located in section 3, G. C. & S. F. survey in Foard County. It is four miles west of the Wilbarger County line.

NEGROES NOT ADMITTED TO TEXAS REFORMATORY

Mrs. Herbert Hoover, wife of the President, may not draw the color line, as is evidenced in White House guest lists, but the Texas reformatory at Gainesville does. District Attorney John Myers reports that a young negro girl who was sentenced to the reformatory on a juvenile charge at Quannah recently has been sentenced "to Oklahoma in care of her parents," who live at Hollis.

The reformatory sentence was passed on the girl, but when Gainesville authorities were notified of it they replied that no negroes are admitted there.

Canadian Would Relieve Liquor Runners of Guns

Windsor, Ont., June 21.—(P)—Search of liquor boats by Canadian officials for firearms is advocated by Crown Attorney James S. Allan as a means of combatting liquor smuggling.

Allan advanced his suggestion in opposing release on bail of Alfred J. Woods, wealthy Amherstburg dock owner, arrested on a charge of receiving a camera stolen by rum runners from a newspaper photographer which they kidnaped last Tuesday.

The Crown Attorney pointed out liquor runners are permitted to land unmolested and unquestioned while other persons entering the country by ferry are closely scrutinized. "At the present time the stricter enforcement by the United States that a young negro girl who was sentenced to the reformatory on a juvenile charge at Quannah recently has been sentenced 'to Oklahoma in care of her parents,' who live at Hollis.

The reformatory sentence was passed on the girl, but when Gainesville authorities were notified of it they replied that no negroes are admitted there.

STATE INCOME TAX BILL REPORTED UNFAVORABLY

Austin, June 21.—(P)—The state income tax bill was reported unfavorably by a vote of 10 to 7 by the House revenue and taxation committee last night. The vote was taken about midnight, after Governor Moody had made the closing argument for proponents of the bill. The minority will endeavor to have the House print the bill in spite of the unfavorable report.

Governor Moody spoke for more than an hour on the "inequalities of the present ad valorem system of taxation and advocated the 'principle' of an income tax to replace the ad valorem.

Senator Edgar Witt of Waco who wrote the substitute bill for the original Mauritz measure addressed the committee on behalf of an income tax, as did former Senator F. C. Weinert of Seguin, State Tax Commissioner.

Cupid Seemingly on Strike Against New Texas Law

Dan Cupid apparently went on strike here following his three-day rest last week, when the new Texas marriage license law went into effect, J. E. Collins, Wilbarger County Clerk, said today. One license was issued to an Oklahoma couple soon after the law went into effect. Since that time several couples have been married with Vernon certificates issued in Oklahoma counties. The Frederick and Altus marriage license bureau are securing the business that came to Vernon before the law went into effect.

All border counties in Texas have lost the customary business of D. Cupid during the month of June, according to Mr. Collins. Health certificates are not required in neighboring states and prospective grooms save the initial marriage cost of from \$3 to \$5 for a health certificate by securing the license out of the State.

NORTHERN CLUBS RETURN HOME LEADING TEXAS LOOP

BRILLIANT MOUND WORK BY 3 LEADING PITCHERS OF CIRCUIT FEATURE SOUTHERN INVASION

(By The Associated Press)

Having pretty well sacked the southern hen roost during their 12-day junket just closed, four northern clubs returned to their home lofts today in full possession of the first division in the Texas League. Taking it for granted that they will thrive on home cooking, the next phase of the campaign is likely to see the Steers, Spudders, Sports and Cats fortify themselves at the head of the column.

Brilliant mound work by the circuit's three leading pitchers featured the closing battles of the southern invasion. Charlie Barnabe, Jim Lindsey and Earl Caldwell each turned in his eleventh victory of the season. Barnabe, with only two defeats, easily ranks as the league's outstanding chucker.

The Dallas southpaw didn't need to do a great deal of choice pitching to achieve his 15 to 7 win over Beaumont, as his supporting cast ran riot at the expense of four Export flingers. Barnabe was relieved by Frasier in the seventh, but for no good reason, unless to conserve his vim and vigor.

Caldwell, in registering his third straight victory after a protracted slump, limited the Spudders blasting crew to six hits as the Cubs won the series final, 14 to 3, and broke the jinx held over them by the Spuds. It was the first victory scored by the Prattmen over the Oilers this season. Lindsey, who has scored more than a third of the Houston team's victories this season, struck out seven men in stopping the Sports, 4 to 3. Eleven of Dugan Phelan's hearties nicked Big Jim's delivery, but exactly the same number died on base.

A thrilling rally in the last inning, reminiscent of Fort Worth teams of four or five years ago, gave the Panthers a 3 to 2 verdict over San Antonio in their closer, Dick Moody, eating from his good right hand, an eccentric Indian hurler, had the Cats (1) the ninth, when he suddenly went haywire.

Athletics in New York Seven Games Ahead of Yankees

(By The Associated Press)

New York, June 21.—(P)—Another Athletic expeditionary force has arrived on the banks of the Harlem, but this time conditions are somewhat different. Cornelius McGillicuddy peers down from the heights as Miller Huggins toils to rally his broken forces. The burden of proof this time is upon the Yankees who lag seven and one-half games to the rear of the Philadelphia Athletics. General McGillicuddy deployed his troops before the Yankee stadium today to fight five battles with the champions of the baseball world in the next three days, two today, two tomorrow and one on Sunday. He gave the command to charge as 60,000 New Yorkers, not altogether unfriendly to the cause of Philadelphia, took up the march to the Bronx. The patriarch of Philadelphia planned to send Bob Grove out to play the role of a plank in a forgotten day. George Earnshaw was in reserve to impersonate Bender. Miller Huggins was grooming Waite Hoyt and George Pipgras for a shot at the moon.

OKLAHOMA WILL PLAY MAGNOLIA OF ELECTRA

The Oklahoma baseball club will go into action Sunday at Oklaunion against the strong Magnolia Petroleum Company team of Electra, it was announced today. The Oklahoma team defeated the Gulf Refining Company nine last Sunday at Oklaunion, 13 to 2 in a seven inning tilt.

Yale and Harvard Crews Ready for Annual Boat Race

(By The Associated Press)

New London, Conn., June 21.—(P)—Boat race day—with all its carnival color and the tradition of a half century's rivalry on the picturesque Thames River; Harvard and Yale, friendly foes on the water altogether since 1852; crowds flaunting the crimson and the blue; airplane motors droning overhead and myriad craft chug-chugging upstream. Crowding and jostling, back-slapping and boasting of the good old days, thousands of alumni of America's oldest college rivals and thousands more of rowing enthusiasts jammed this ancient whaling town today for another eight-oared duel in which Yale ruled the favorite over Harvard for classic varsity honors. For early excitement this morning, the incoming throngs had the freshman and junior varsity events, two mile contests scheduled to begin at 10 a. m. But most of the talk and apparently all of the betting centered about the blue-ribbon varsity race, slated over the upstream course at 7 p. m. (Eastern Daylight Time.)

LONE STAR GAS TEAM DEFEATS JUNIOR CLUB

The Lone Star Gas Company baseball team of Vernon defeated T. J. Bridges' American Legion Junior leaguers yesterday in a practice game on the City Park field 3 to 1. Manager Bridges is working out with his team daily in preparation for a tilt for district honors with Wichita Falls' American Legion team. The game is scheduled for tomorrow morning, according to Wichita Falls reports, but Bridges still had not been officially notified this morning concerning the game.

The winner of the scheduled game in the morning meets the Olney American Legion junior team tomorrow afternoon for the district championship. Corsicana, winner of that district, will play the winner of the Olney tilt for bi-district honors, and a final state winner will be chosen to represent Texas in a national tournament.

CUBS CLING TO FIRST POSITION

ALEXANDER AND CARDINALS DEFEATED IN CLOSE CONTEST

(By The Associated Press)

The impending battle between the American League titans tended somewhat to dim the fury of the National League conflict yesterday.

For all of this the rejuvenated Cubs shelled Grover Cleveland Alexander and others sufficiently to shade the Cardinals, 7 to 6 for the fourth straight Chicago triumph.

The Giants whaled the Phillies by 11 to 6, and the Braves won another from the Robins, 4 to 2, in remaining National League fixtures.

The Pirates and the Reds were idle.

Results in the National League gave the Cubs a somewhat more comfortable margin over the Pirates, and dropped the champion Cardinals further into the mire of third place.

The American League campaign yesterday consisted of victories for Boston, Detroit and Chicago. The Athletics and the Yankees, of course, were idle.

The Red Sox rallied to pull out a 6 to 4 decision against Ad Liska and Brown in Washington as MacFayden checked the Senatorial attack at eight hits. Young Ed Walsh pitched four-hit ball against St. Louis to win by 5 to 3, and the Detroit Tigers hit hard 11 to 3 over the Indians in Cleveland.

The victory of the Cubs, the most important achievement in either circuit, gave the Bruins a record of twelve out of their last fifteen, including their run of four against the champions.

The 7 to 6 victory was marked by Hack Wilson's fifteenth and sixteenth home runs.

One husband writes:—"My wife was down in bed two years. We tried several doctors and lots of different remedies—spent a great deal of money but she did not seem to improve until I purchased a bottle each of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' The doctors said she must be operated on but I told her we had used Dr. Pierce's medicines in the family for 35 or 40 years and they had never failed. So she commenced taking them and after three months was able to be up and is now doing her housework. We think Dr. Pierce's medicines the best on earth."—E. T. CONFIDENT FRENCHMAN IS SENT TO HOSPITAL

Paris, June 21.—(P)—What looked like a soft spot for Spider Pladner turned out to be a very hard one and as a result the little French fighter is in the hospital today instead of preparing for a trip to the rings of the United States.

Pladner entered the ring last night against Gene Huat, an almost unknown French bantamweight, with little preparation but with plenty of confidence that the skill and punch that carried him to victories over such fighters as Izzy Schwartz and Frankie Genaro would carry him through against Huat. He came out with the worst beating of his career, being knocked down eighteen times before the referee stepped in to halt the slaughter.

Henrietta Plans Shows to Raise Rickard Memorial

(By The Associated Press)

Fort Worth, June 21.—(P)—A series of benefit sport events to raise money for a memorial to Tex Rickard, famous boxing promoter, is to be held here June 28, when a wrestling show will be staged. The move is sponsored by the Rickard Memorial Association of Henrietta. Rickard's old home town, which plans to raise \$250,000.

EUROPEAN OWNERS URGED TO ENTER U. S. TURF RACE

Chicago, June 21.—(P)—The American National Jockey Club has offered a \$100,000 purse and a gold cup for a race between champion thoroughbreds of England, France and America at its racing plant here, Arlington Park, next summer.

John D. Hertz, whose Reigh Count finished second in the famous Ascot gold cup race in England yesterday, has carried the offer abroad and reported a favorable reception among English and French turf owners.

If the foreign turf owners consent to run their horses in the race, Hertz said he would probably keep Reigh Count in training for another year. Otherwise he expects to retire him to the stud.

Answering rumors that Roberts would step out until December William B. Ruggles, league statistician said they probably arose from the plan to give Roberts a vacation.

"The club owners, so far as I know," he said, "are perfectly satisfied with the way the league is being conducted."

CONTESTED BASEBALL GAME TO BE REPLAYED TODAY

CONTEST BETWEEN CHRISTIANS AND BAPTISTS WILL BE FINAL TILT OF SEASON'S FIRST HALF

The league standing:

| TEAM | P. | W. | L. | Pct. |
|--------------|----|----|----|-------|
| Baptist | 5 | 3 | 0 | 1.000 |
| Methodist | 6 | 3 | 3 | .500 |
| Christian | 5 | 2 | 3 | .400 |
| Presbyterian | 6 | 1 | 5 | .167 |

The Baptists and Christians, members of the Vernon Sunday School baseball league, will meet this afternoon at 6:15 on the City Park diamond for the last game of the first half of the season. The game will be played as a result of the upholding of a protest made by Manager C. Q. Rogers, of the Christian team in regard to the last game between the two teams. The game was ruled a tie by the Board of Control of the league, subject to be replayed at a time set by the managers of the teams.

Curry will start the hurling for the Christians and will be opposed by Carl Simmons of the Baptists, with Buzbee relieving if a change is necessary.

The protest, filed the day following the game on June 10, was against Umpire Colley's decision declaring a Baptist runner safe on a ball claimed by the Christian manager as not in the game, 4-3, and came after a foul ball had been returned to the pitcher who had not returned to his box, it was claimed. The runner came in after the pitcher had received the ball, and was given a safe steal.

The line-up submitted by Manager Foster for the Baptist this afternoon consists of the following: Foster, short stop; Wolf, center field; Simmons, pitcher; Norman, third base; Hardison, right field; Teel, catcher; Bridges, left field; Robinson, second base; Chaffin, first base; Buzbee, relief pitcher.

The Christian line-up will consist of the following: Kuntz, short stop; Phillips, left field; Armour, center field; Burgess, catcher; Shumaker, third base; Burns, second base; Moore, first base; Buchanan, right field; Curry, pitcher.

Bobby Jones Is Showing Strong for Open Play

Mamaroneck, N. Y., June 21.—(P)—So far in the preparations for the National Open golf championship, which will be held over the Winged Foot course here next week, Robert Tyre Jones, the young Atlanta lawyer who was almost talked out of the picture earlier in the season because he had so little time for practice, has gained a monopoly on the fine performances.

He had a 69 yesterday. On Wednesday he did 33-31-70.

POPULATION ON FAMINE RATIONS AFTER FLOOD

Calcutta, India, June 21.—(P)—Advices from the flood area in Assam Province today revealed the extreme plight of villagers. All now are on famine rations, while many have seen homes and relatives swept from them. A report from Chittagong Hill tracts stated the bazaars on the riverside had been swept away and shopkeepers had taken refuge in trees. Many corpses and pieces of furniture were seen floating.

A vast area stretching like an inland sea from Subarnapur westward was under water with crops invisible and harvest prospects negligible. Residents took refuge in the highlands.

Firm Wool Market. Boston, June 21.—(P)—The Commercial Bulletin tomorrow will say: "More inquiry is reported for wool this week, but sales are far from satisfactory, especially on the finer qualities, which favor the buyer in price. Medium wools are fairly firm."

Fargo and Odell to Play Two-Game Baseball Series

The Fargo ball club will play the Odell team this afternoon and tomorrow afternoon. The game today will be played at Odell, and tomorrow the teams will return to Fargo for the second of the series.

Fargo's team has been successful so far in the season, having won a majority of their games. They present the most threatening aspect in the coming Fourth of July games to be played here, and are practicing daily for the fete. Several teams from the county will be present for the occasion and three games will be played during the day.

Bob Olive is manager of the Fargo baseball team.

REPUBLICAN SAID TO HAVE MADE PATRONAGE DEMAND

Washington, June 21.—(P)—A letter by R. B. Waddle, postmaster at Somerset, Kentucky, charging Representative Robison, Republican of that state, with having demanded funds to meet campaign expenses and saying Robison's statement of expenditures for the 1924 election showed "no expenditures were made" was placed in the record of the Senate patronage committee today by Chairman Brookhart.

Another letter filed with the committee, this one by Sidney P. Bailey, of Madisonville, Kentucky, accused the postmaster in that place, whom he did not name, with having been "often drunk on duty." It said two inspectors had asked removal of the postmaster for "concealment of shortages" but that the case was "whitewashed thoroughly."

YALE FRESHMEN WIN OVER HARVARD FIRST YEARS

New London, Conn., June 21.—(P)—Yale's great freshman crew defeated Harvard's seniors by three quarters of a length in their two-mile brush on the Thames today. The race was the first of the annual series between the two great universities.

EMINENT QUARTET IS PRIDE OF TINY VILLAGE IN OHIO

Shandon, Ohio, was thrilled when four of its sons received the honorary degree of doctor of laws from Miami University. Three of them were Dr. Edward Francis (upper right), Lowry F. Sater (lower right) and Dr. Mark Francis.

Shandon, Ohio, June 20.—(P)—The civic pride of Shandon, one of the smallest villages in Ohio, has been swollen by the simultaneous recognition accorded the achievements of four of its native sons.

The accomplishments of the quartet, whose common bond is this village where they were born and spent their boyhood, were acclaimed in commencement exercises at Miami University recently. All four received the honorary degree of doctor of laws, three of them in person. The four honored were Dr. Mark Francis, veterinarian and educator; Dr. Albert Shaw, journalist; Dr. Edward Francis, scientist, and Lowry F. Sater, lawyer.

All four heard the call of the city and only one eschewed the lure of other states, so it was in the nature of a homecoming when three of them met at Miami University at Oxford recently and heard their accomplishments lauded. Dr. Shaw, now 72, was unable to attend because of illness.

The parallel in the lives of these men of Shandon does not extend beyond the period in which they prepared for life's battle, but three of them, the Francis brothers and Sater, have the same alma mater—Ohio State University.

Sater matriculated at Miami, but later joined Edward Francis at Ohio State, where they were roommates and close companions. Dr. Shaw is a graduate of Grinnell College of Iowa and John Hopkins University.

In embracing upon their life work each chose a different field of labor, although the Francis brothers were attracted to somewhat similar lines, using the microscope to study disease. Mark of the scourges of cattle and Edward of mankind. Dr. Shaw chose the pen and Sater the law.

Dr. Shaw established the magazine Review of Reviews in 1891 and is its editor today, as well as national president of Phi Beta Kappa, national scholastic fraternity.

Edward Francis, as a member of the staff of the hygienic laboratory of the United States public health service, discovered tularemia—"rabbit fever"—on which he is the nation's foremost authority.

His brother, Mark, founded the school of veterinary medicine at the Agricultural and Mechanical College at College Station, Texas, and with his microscope studied Texas cattle fever and produced a serum with which to immunize them from the disease. He continues as dean of the school whose destinies he has directed since its birth in 1889.

Mr. Sater remained in Ohio and became a prominent figure at the bar, practicing in Columbus, and has been a member of the board of trustees of his alma mater for years.

YOUTHS INJURED IN AUTO WRECK RETURNED HERE

J. L. Ashby and James Newth, injured last week in a car wreck near Amarillo, are recovering rapidly and are able to be up. They returned to Vernon Friday morning about 2:20 o'clock with their fathers, F. A. Newth and C. C. Ashby.

Neither of the youths were hurt as much as first thought after information of the wreck reached here. The fathers of the boys met them in Raton, New Mex., where the boys went following the wreck.

The boys were riding with two traveling salesmen on the road to Denver, Colo., when the car they were riding in turned over and caught fire. Both traveling salesmen were severely cut by flying glass.

F. A. Newth, Jr., who accompanied his father and Mr. Ashby to Raton will remain there visiting with friends.

Chicago Terror Shoots Cop and Cafe Proprietor

Chicago, June 21.—(P)—"Wee Willie" Doody, cop hater and desperado treading a trail paralleling the road the dashing "Terrible Tommy" O'Connor trod, had two more shootings to answer for today.

Already hunted for the wounding of T. L. Jackson, postal inspector, for the killing of Charles Levy, chief of police of Berwyn, and for the shooting dead last Tuesday of Leon Raymond, druggist, Doody today was sought for the serious wounding of a restaurant owner and a policeman.

Last night a gunman supposedly intending robbery entered the restaurant of Milton Valsoupoli on the south side. As Valsoupoli approached him, the desperado whipped out two pistols and fired. Valsoupoli stumbled forward and grabbed with his assailant, as a customer seized him from the back. When the customer went out to seek a policeman, the gunman overpowered himself free and fled, pausing in the doorway to fire several more shots at Valsoupoli. He fled in an automobile.

An hour later a man answering Doody's description entered the drug store of George Denbo on the north-west side and stole \$35.

As the robber sped away, Denbo ran out and called to police Sergeant Clarence Falk, who was with his motorcycle across the street. Falk passed the car within a mile.

"I surrender," the fugitive announced, stepping out of the car at Falk's command. As the policeman fumbled with his holster the gunman whipped out a pistol, struck Falk over the left ear with its butt and fired two shots, one of which struck Falk in the back.

Several squads of police and a squad of Federal agents have been assigned to search for Doody.

SENATE PASSES 23 BILLS AT FIRST NIGHT SESSION

Austin, June 21.—(P)—Meeting in its first after-supper session, the Senate last night passed 23 bills, the majority of which were local in application, and corrected flaws in two major measures passed during the last legislative session.

Administration of the state barber bill was changed so that sanitary conditions of barber shops would come under supervision of the State Board of Health instead of a special board of commissioners in line with recommendations of Governor Moody. A change also was made in the caption of the nine-member board of education measure in order that it might withstand constitutional attacks.

HUNDRED THIRTY BOOKS IN TEACHER ASSOCIATION LIBRARY

One hundred and thirty books have been placed in the library of the Wilbarger County Teachers Association in the office of County Superintendent Ercell W. Brooks. The books were bought by the association for the use of member teachers and was opened during the past six months. Since being in use an average of two books to each teacher have been in circulation regularly. The use of professional books by the teacher aids in giving the county schools a standard rating.

Brief Service Is Held for General Bramwell Booth

London, June 21.—(P)—While a line of reverent men and women stood outside, high officers of the Salvation Army today conducted a brief service over the body of the late General William Bramwell Booth, their former commander, lying in state in Congress Hall, Clapton.

General Edward J. Higgins, who succeeded General Booth as head of the Salvation Army after his deposition recently, conducted the service from the platform above the dais on which the body rested. General Booth died last Sunday.

When the doors opened for the first public view of the dead leader women with shopping baskets and solemn men with hats in their hands filed past the great oak coffin and took a last look at the face of the former commander.

CITIZENSHIP FOR MARRIED WOMEN URGED IN BERLIN

Berlin, June 21.—(P)—Independent citizenship for married women, a matter in which the United States was recognized to have the most progressive legislation of any country, was urged in a resolution adopted today by the Congress of the Women's International Suffrage Alliance. Increase of legal age for marriage in all countries to 16 years for girls and 18 years for boys was recommended in the same resolution. Chrystal MacMillan of England condemned changing women's nationality with marriage as "the most pernicious of all anti-feminist doctrines. A woman because she has a husband should not have taken from her the most fundamental of all political rights, her nationality."

CRIMINALS AND YOUTH

"I got into trouble before I knew the ways of the world."

This statement, made by O. C. Wells a few hours before he went to the electric chair in the state penitentiary at Huntsville and paid with his life for the slaying of a human being, offers no new angle on crime because criminals have voiced the same explanation for their activities throughout history.

Wells insisted that he was innocent of the crime he committed, but the words quoted above indicate that he did not deny having lived in a manner not looked upon with favor by the laws of the land. Perhaps he was innocent. It might be that his past actions coupled with circumstantial evidence did serve to convict him of a crime that he did not commit. It is possible, although the decision of the courts makes such a hypothesis seem highly improbable to the Texan with even a faint knowledge of the functioning of the system of justice. The system offers so many loopholes that enable the criminal to effectually evade full measure of punishment for his crime that it seems hardly possible for a person to be condemned to death for a crime he did not commit.

But if Wells was innocent, his final statement is even a more forceful argument for the proper training of youths. It may be possible to convict a person who has a criminal record and sentence him to death for a crime that he did not commit, but it is a different matter when it comes to dealing with one whose past has nothing to hide from the law. Of course it is possible that a law-abiding citizen might be convicted even in this modern day, but it is extremely improbable that one would be sentenced to death upon mere circumstantial evidence, no matter how strong, if there was nothing in his past that would indicate a criminal tendency.

The persons who are required to give their lives as forfeits for wrongs against society usually are those who strayed into crime in their youth.

This fact is an object lesson to the youth of the land and at the same time a challenge to all law-abiding, right-thinking adults. Perhaps more can be done to assure the proper environment for youths. That statement "I got into trouble before I knew the ways of the world," is more than a personal admission of failure to follow the right path. It is a condemnation of the individual, group and communities responsible for the environment which encompassed the criminal in his most impressionable years, a rebuke that should not be casually disregarded.

THE STOWAWAY RETURNS.

A youth who stowed himself away on the trans-Atlantic plane Yellow Bird and shared the hazards of its ocean passage in the vain belief that fame and fortune awaited the first who crossed the ocean in this manner, is sailing for home with an infinitesimal part of the fame he expected and apparently none of the fortune. The natural consequence it would seem, would permit one to add that the young man is much the wiser,

but his publicly-expressed chagrin indicates that he believes the public has unfairly withheld the honor and popularity that makes for financial success which he still believes is due him.

That the youth fell far short of his expectation is apparent. Soon after landing he expressed himself as pleased that he had won the right to have his name placed alongside those who had followed the great Lindbergh, and back home his parents rather garrulously revealed that they expected their son to be overwhelmed with offers of financial gain.

No wite youth is sailing for home as a third class passenger, and his passage is being paid by one of the men whose unwelcome guest he was on the ocean flight. The French not only failed to acclaim his feat, but blamed him in no uncertain tones for having been responsible for the failure of the plane to reach its designated goal—Paris. Instead of the hero he had expected to be, he was an outcast.

But the youth still hopes that America will accord what he believes should be proper recognition of his exploit. He is confident that he will be able to repay his ocean passage from the profits of contracts that will be extended him on his return to the United States. However, the vain youngster doubtless is due for another great surprise. If his adventures failed to appeal to emotions of the impressionable French, he has little hope of stirring the sentiment of the materially-minded American.

The people steadfastly refuse to grant the stowaway a place alongside Lindbergh. A short vaudeville con-

tract is about all that can reasonably be anticipated for the young man. In a year, or shorter time, it will expire and leave the youth about where he was before his ocean venture, financially speaking.

This offers a contrast to the honors and financial rewards thrust upon Lindbergh. The truth is the public, not so credulous as generally given credit for, yet quick to observe merit, recognized the ability and wholly commendable characteristics back of Lindbergh's venture. Designated at first as a lucky adventure, the flight almost immediately was accepted as an experiment carried out

with exactness, and the public thrust unprecedented popularity upon the person who had demonstrated the knowledge, foresight and courage required for the venture. Most of these factors are absent from the stowaway's accomplishment, and fame, as fickle as it often is believed to be, selects a more secure foundation than the merely spectacular before alighting.

International Relations Brought Sharply to Front in Washington by Dawes and MacDonald Speeches

Washington, June 21.—(P)—The conferences made a statement disclosing what was said, beyond letting it be known that the naval question was discussed, but it was clear to many observers that the Kellogg treaty for the renunciation of war had been definitely adopted as a national policy by the United States as the cornerstone of future sea armament discussions.

While the treaty has not yet come into full force, lacking the adherence of Japan, one of the 15 original signatory powers, it has been considered by high American officials for some time to be a logical basis for negotiations for reduction of armaments.

The value of the pact in this respect was first stressed by Ambassador Gibson before the recent meeting of the League of Nations preparatory disarmament commission, and President Hoover referred to the treaty as meaning "at once an abandonment of the aggressive use of arms by every signatory nation" and "a sincere declaration that all armament hereafter shall be used only for defense."

This was followed by the speech of Ambassador Dawes in London Tuesday, when he closely linked the question of disarmament with that of the nations' renunciation of war as a national policy under the Kellogg treaty.

Those usually close to the situation now regard the previous linking of the disarmament question with the problem of freedom of the seas as having been definitely shelved for the present at least in favor of a settlement first of naval reductions. So far as the discussions on freedom of the seas are concerned, there are many persons, including Senator Borah, who have felt that this question should be settled before the disarmament problem. The turn from that viewpoint is accounted for by one prominent diplomat who has closely followed the discussions in England with the question: "Why renounce war on the one hand and immediately establish rules for the conduct of the next war?"

"Blue Sky" Bill Is Passed 15-8 by Upper House

Austin, June 21.—(P)—The "blue sky" bill, written for Mrs. Jane V. McCallum, secretary of state, to prevent the sale of fraudulent stock in Texas, was finally passed, 15 to 8, in the Senate, today.

The measure has been the subject of recent debates during which Senator W. D. McFarlane, Graham, assumed the leading role as opponent of the bill. He contended it dealt unfairly with independent oil operators who had pioneered in the petroleum industry in the state.

The measure provides that the secretary of state be satisfied that the applicant for a permit to sell stock be of good business repute and that the proposed plan of business is equitable.

THE STATE OF TEXAS
To the Sheriff or any Constable of Wilbarger County, Greeting:
You are hereby Commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Wilbarger County, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of L. M. Smith, Deceased, Luther Webb, Administrator has filed in the County Court of Wilbarger County an application for an order to sell the following property of said estate, situated in Wilbarger County, Texas, to-wit: same being an undivided one-eighth interest in the following described tract of land, to-wit:

"All that certain tract, lot or parcel of land lying and situated in the County of Wilbarger, State of Texas, known and described as and being a part of the W. B. Jordan Survey described by metes and bounds as follows, to-wit: Beginning at the S. W. corner of the 57.32 acre survey in the name of G. F. Tomlinson; thence North 18 West 117.0 1/2 ft. to N. E. corner of a 75 1/2 acre survey made in the name of R. S. Butler; thence West 57.3 ft. to N. E. corner of a 10 acre survey known as A2; thence South 146.0 1/2 ft. to a stake, the S. W. corner of this survey; thence being in South boundary line of said Butler survey; thence North 72 East with said South boundary line of Butler survey to place of beginning, being the same land conveyed by deed of R. S. Butler and wife A. J. Butler to Elsie Bright, recorded in Vol. 43, page 235 of the Deed Records of Wilbarger County, Texas, reference to which is here made for a further description," which will be heard at the next term of said Court, commencing on the First Monday in July A. D. 1929, the same being the First day of July, A. D. 1929, at the Court House thereof, in Vernon, Texas, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein Fail Not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court at office in Vernon, Texas, this 7th day of June, A. D. 1929.

J. E. COLLINS, Clerk, County Court, Wilbarger County, Texas.

PROFESSOR CLAIMS HE KILLED OHIO CO-ED BECAUSE WIFE AND CHILD WERE THREATENED

Columbus, Ohio, June 21.—(P)—The confession of Dr. James H. Snook, 49, dismissed Ohio State University professor, that he killed 25-year-old Theora Hix, his pupil-paramour, was ready for the county grand jury today, just one week from the day the girl was beaten and slashed to death. He killed her, he said, because she threatened the life of his wife and child.

The confession, announced at midnight by County Prosecutor John J. Chester, Jr., was held for the grand jury with Chester's prediction that a first degree murder indictment would be returned.

Bringing to an end 23 hours of grueling examination, Snook lost the iron nerve that had carried him through six days of investigation,

and, sobbing, told the prosecutor and police heads that he was ready to "tell everything."

The confession declared he had struck the girl on the head with a hammer during a violent quarrel in his automobile parked at a rifle range near here on the night of June 13, and that, realizing her skull was fractured, he took out his pen knife and slit her throat "to relieve her suffering."

The quarrel, he said, followed the girl's protests against his plan to leave the city over the week-end with his family and her threat to kill his wife and two-year-old daughter if he went. As the altercation became more bitter, the confession said, Miss Hix reached for her handbag in which at times she carried a small pistol that

Dr. Snook had given her. Then followed the struggle in which Dr. Snook said he snatched up the hammer in the car and struck her on the head.

"She continued (to fight) desperately and an increasing number of blows of increasing force were necessary to stop her," he said. "Realizing then, no doubt, that her skull was fractured and to relieve her suffering, I severed her jugular vein with my pocket knife."

After he was convinced the girl was dead, Dr. Snook said he "proceeded to pick up the things that had been scattered during the struggle and hurriedly left the scene of the struggle, leaving her body at that point."

Dr. Snook said he went home, tossing the girl's handbag in the Scioto River as he drove over a bridge. The gun, he said, was not in the purse.

The confession was made early yesterday afternoon, but Prosecutor Chester, following an agreement he said, he made with Snook, did not give it his official announcement until midnight. This, he explained, was to permit Snook to arrange in his

mind the facts for an interview at midnight with press representatives.

Snook's confession sets out details of the alleged three-year friendship between the girl and the man she first met as her classroom instructor. Earlier in the investigation, police uncovered the fact that Snook and the girl had maintained a room in a downtown apartment house where they went frequently under the guise of man and wife. Snook admitted this readily. Dr. Snook made it clear however, that his association with Miss Hix was not "a love affair in any sense of the word," but that it was merely a "pleasant arrangement." He helped defray her university expenses and she was "a good companion," he said.

STATE OFFICIALS ASKED TO LIST EMPLOYEES NAMES

Austin, June 20.—(P)—The House today adopted a resolution requesting state officials and heads of departments to file with it not later than June 28 a list of their employees, indicating any which are related to them by blood or marriage within the third degree.

The resolution signed by Representative C. C. Hines of Linden, F. H. Prendergast of Marshall and others stated there were "rumors" some departments carried unnecessary employees and a number of them were related to state officials.

Another resolution by Representative Reno Eichenrodt of Seguin proposed that state officials and department heads be cautioned not to permit use of space in their offices for propagation of state political campaigns and to warn employees not to use state owned automobiles in furthering the political cause of anyone. It was referred to the committee on state affairs.

Seminole Indians Face Own People on Murder Charge

Fort Myers, Fla., June 20.—(P)—Before a court of his own people, at the annual Dance of Green Corn today, Josie Billy, Seminole Indian medicine man, without the aid of alienist or psychiatrist, will answer a charge of slaying Nuf-Che, widowed squaw, with a plea that he was temporarily insane while under the influence of liquor.

Deep in the Everglades, the tribe has gathered to celebrate this festival and to try the medicine-man who in the past has sat in judgment upon his fellows.

What ever the verdict, and it may be death or trial by fire, it will be executed summarily, and without in-

POPE'S SILENCE WORRIES MEXICAN CHURCH LEADERS

Mexico City, June 20.—(P)—Those interested in the negotiations looking toward settlement of the religious question in Mexico were frankly worried today at the lack of an answer from the Vatican on the terms under consideration. It was the belief that unless the Holy See acted quickly there was a possibility of collapse of the negotiations.

Vatican City, June 20.—(P)—"Premature optimism" was the headline used by Osservatore Romano today over an article denying that settlement of the Mexican question already had been reached.

Very dirty pans? No, very hard water

The pots and pans weren't very greasy. But the water was hard. It mixed with the soap, and formed scum! How could pots and pans get clean? They just had to stay greasy! They needed a cleaner!

That was before Melo's time. Now hard water, softened with Melo, becomes a very fine cleaner, with or without soap. Dirty ring? Scum? Grease? All gone. Soap much more effective! Pots and pans? Shiny and gleaming! At 10c a can you can afford to buy three—one for the kitchen, laundry, and bathroom.
